

Dock Seal

The Gateway Fixed Head Pad Dock Seal compresses and forms a positive seal between the building and the trailer. Fixed Head Pad Dock Seals are the ideal solution for dock door openings up to 9' 0" high.

FIXED HEAD PAD DOCK SEAL STANDARD FEATURES ~

Cover materials for light, medium and heavy duty applications: 22 & 40 ounce vinyl and Hypalon.

Standard color - black

High visibility yellow guide strips - 4" w x 24" h

Pressure treated 2" thick (nominal) wood backboards.

One year warranty on material and workmanship.

The Gateway Head Curtain Dock Seal is designed for use where a door height of 9'0" or greater exists and when a wide variety of trailer heights must be serviced. Head Curtain Dock Seals compress and form a positive seal between the building and the trailer.

HEAD CURTAIN DOCK SEAL STANDARD FEATURES ~

Cover materials for light, medium and heavy duty applications: 22 & 40 ounce vinyl and Hypalon.

Standard color - black

Pressure treated wood backboards.

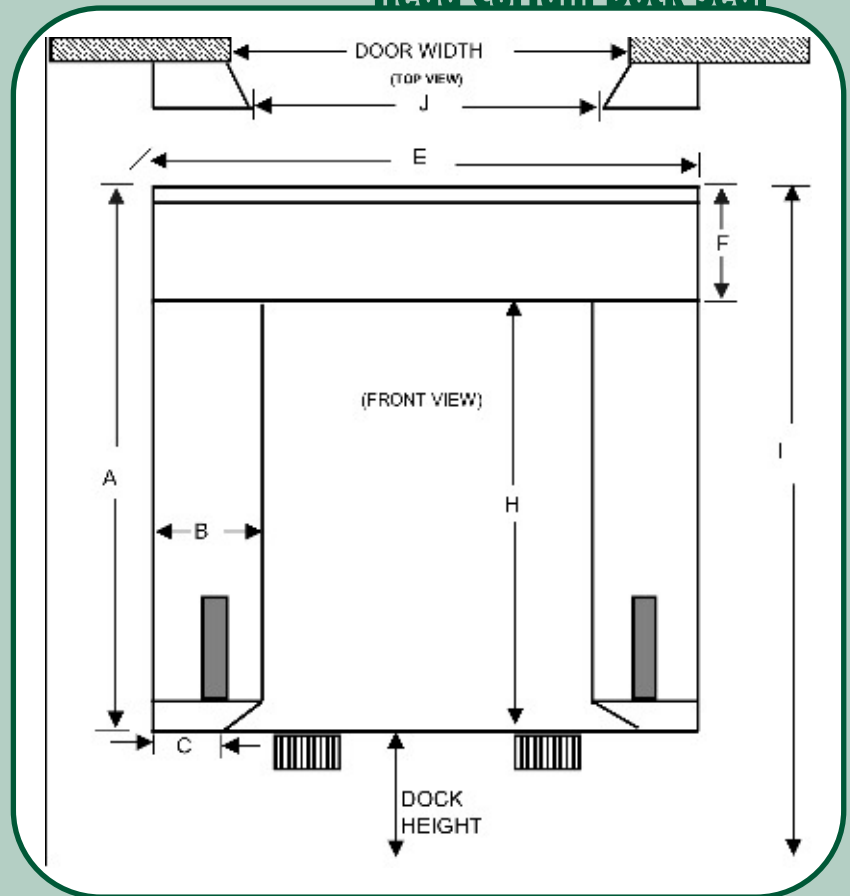

High visibility yellow guide strips - 4" w x 24" h

Wear pleats on front corners of head curtain for added durability. Sloped top for rain and snow run off.

Rigid 1" diameter pipe inserted into a sewn pocket at the top leading edge provides a uniform profile across the face for positive sealing.

Tension straps at each end of the head curtain keep it taut.
