

SALT DOME

Door

VINYL ~

22 ounce green vinyl. Pipe staffs are reinforced in yellow safety vinyl.

MOUNTING OPTIONS ~

Header Mount. Face of Wall Mount.

SINGLE SLIDE DOOR OPERATION ~

Manually operated. Single slide door is fixed to one jamb and locks to the other. Fixed side is determined from the inside looking out. Optional either side.

TRACK ~

Heavy gauge galvanized steel mounting hardware. Heavy duty ball bearing trolleys provide easy glide opening.

HEAD ROOM ~

Three and a half inches required for head room.

SIDE ROOM ~

When bunched, the door material will take up to 1" per foot wide. Nylon cord tieback straps on the fixed side keep the screen secure in the open position.

WIND STABILIZATION ~

Full height, heavy galvanized pipe staffs are placed evenly throughout the door for superior wind stabilization.

Galvanized steel sliding track

Ball-bearing style, steel wheel trolleys

1" diameter galvanized steel pipe staffs with integral 5/8" cane bolt floor locking pins

Pipe staffs are enclosed in hi-visibility, safety yellow vinyl pockets (on inside face or curtain only)
