

X TUFF IMPACT

Door

TUFF IMPACT DOORS ~

Designed to allow for a climate controlled environment. Able to withstand personnel traffic, forklifts, carts and pallet traffic. Increased productivity through accessibility. No lower hinge to restrict traffic flow.

X-Tuff Impact Door is manufactured with FDA/USDA acceptable materials.

MATERIAL ~

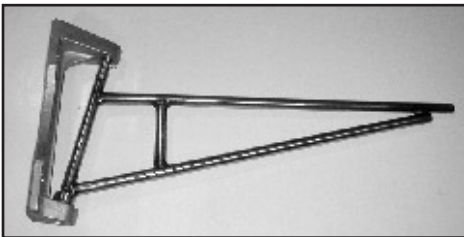

Tuff Impact Door Panel - 80 ounce finished vinyl - perfect for pedestrian traffic

X-Tuff Impact Door Panel - 1/4" thick USDA/FDA accepted pebble anti-scratch PVC - able to withstand personnel traffic, forklifts, carts and pallet traffic.

Colors available ~ beige, blue, light gray, red, brown, green, dark gray, and black

FEATURES ~

18" wide x 15" high x .120 thick PVC vision panel. 1" minimum positive overlap to insure a thermal barrier.

Self closing hinge manufactured with heavy duty, cast aluminum wall bracket that mounts to the top of the door jambs, eliminating the need for bottom hinges that restrict traffic flow. Optional Stainless Steel.

OPTIONS ~

Top and bottom wipers - 3/4" black loop seal maintains a positive seal

Jamb edge seal - 2" black loop jamb seal offers a premium seal

Tuff Impact Wear Panels - manufactured with black high tensile polymer panels

X-Tuff Impact Panels - manufactured with USDA accepted pebble anti-scratch material

Stainless Steel hinge (with cast aluminum wall bracket)
