HIGH CYCLE VINYL ROLL UP DOORS

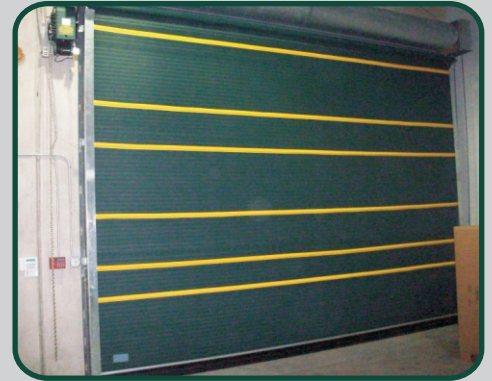

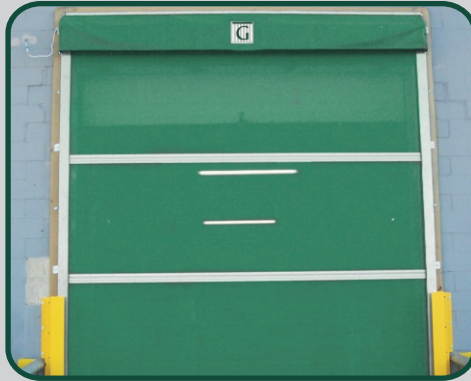

Runs 20" per second and over 100 cycles per day • Reduces heat loss
Controls dust and noise • Great for exterior and interior environments
Great economical alternative to high speed door!

SALT DOME DOORS

Prevent undue damage from intrusive birds entering domes. Help end the problem of wet, caked and or lumpy salt. Make the salt easier to handle, load and spread.
Prevent the loss of salt being dissolved by the elements of weather.

MANUAL, AUTOMATIC AND HIGH CYCLE

BUG BARRIER®

Supports FDA/AIB requirements. Maintain sanitation and increase air circulation.
Eliminate insects and birds. Ideal for food processing, packaging and manufacturing facilities.

SINGLE AND BI-PARTING SLIDERS
